

Confirmation of the Current Status of Compliance with the Requirements of Regulation (EU) 2025/40 (PPWR) Applicable as of 12 August 2026

The following information relates to the packaging supplied by Flaschengroßhandlung Wittmer GmbH & Co. KG as well as to all raw and auxiliary materials used. It is based, to the best of our knowledge and belief, on the information currently available to us and on the data provided by our upstream suppliers.

Information on Heavy Metals (Art. 5(4))

Based on our current knowledge, the packaging supplied by Flaschengroßhandlung Wittmer GmbH & Co. KG complies with the requirements of Regulation (EU) 2025/40 with regard to the applicable limit values for heavy metals (lead, cadmium, mercury and hexavalent chromium). The total concentration of these heavy metals is below the limit value of 100 mg/kg.

Information on PFAS

According to the information available to us, neither the packaging supplied by Flaschengroßhandlung Wittmer GmbH & Co. KG nor the raw and auxiliary materials used contain any intentionally added PFAS. This statement is based on information provided by our upstream suppliers.

Recyclability (Art. 6(1))

Based on our current knowledge and the currently applicable legal requirements, the packaging supplied by Flaschengroßhandlung Wittmer GmbH & Co. KG is to be classified as recyclable.

As Regulation (EU) 2025/40 has not yet been further specified with regard to the criteria for recyclable design and the performance grades for recyclability through delegated acts and implementing acts of the European Commission, this assessment is subject to the regulations still to be published. Once these regulations enter into force, the assessment will be reviewed and, if necessary, updated.

This statement is based on the legal status applicable at the time of its issuance as well as on the information available to us. Changes in legal requirements or new findings may make it necessary to amend or update this statement.

Note: This document is intended for information purposes in the context of regulatory awareness and guidance. It does not constitute a legally binding declaration of conformity with regard to (EU) 2025/40, as ultimate responsibility for the conformity of the packaging system lies with the manufacturer placing it on the market.

Kirrweiler, 22 July 2026
